SECTION-I DOCUMENT DETAILS

DOCUMENT INFORMATION

Preface

The Cogent E Services Information Security Management System (ISMS) Team assumes responsibility for this document and updates it as required to meet the needs of users. The Cogent E Services ISMS Team welcomes and solicits feedback from users of this document and its reference artefacts so that future revisions of this document will reflect improvements, based on new technology, organizational best practices, and lessons learned.

Copyright

This document contains proprietary information for Cogent E Services. It may not be copied, transferred, shared in any form by any agency or personnel except for authorized internal distribution by Cogent E Services, unless expressly authorized by Cogent E Services Information Security Steering Committee in writing.

VERSION CONTROL PROCEDURE

Draft Version: Any version of this document before it is finalized by all stakeholders i.e., process owners, client and ISO internal auditors, would be treated as 'Draft Version'.

The control number for the draft version would always start from '0'. For example first draft will have the control number as 0.1.

Final Version: Once the document is finalized by all stakeholders i.e., process owners, client and ISO Internal Auditor, it will cease to be a 'draft' and will be treated as 'final version'.

To distinguish between draft version and final version, the control number for finalized document would always start from an integer, greater than zero. For example, first final version will have the control number as 1.0.

Document Creation and Maintenance: This document would generally be written for the first time at the time of transition to ISO/IEC 27001:2013. It will be maintained by the Information Security Manager (ISM) and is subjected to review at a minimum on a yearly basis. The Information Security Steering Committee (ISF) members are responsible for approving any necessary amendments to the Cogent E Services Information Security Policy Documents. Changes to the Cogent E Services, ISMS Policy and ISMS Objectives shall be reviewed by the CISO and approved by Cogent E Services Information Security Steering Committee.

Implementation Date: Implementation date is the date when the document is released and made operational in the ISMS. By logic, it should be after the approval date. All dates should be updated in MM/DD/YYYY format.

Amendment Procedure: The Cogent E Services Information Security Policy Documents shall be amended to reflect any changes to Cogent E Services capability or the Information Security Management System.

Summary of Changes: Version history table below denotes the nature and context of any update or change made in this document.

SECTION-II ISMS Data Backup Policy

This policy defines the backup for computers within the Cogent E Services which are expected to have their data backed up. These systems are typically servers but are not necessarily limited to servers. Servers expected to be backed up included but not limited to the file server, database server, the mail server, and the web server.

2. Purpose

This policy is designed to protect data in the Cogent E Services to be sure it is not lost and can be recovered in the event of an equipment failure, intentional destruction of data, or disaster.

3. Scope

This policy applies to all equipment and data owned and operated by the Cogent E Services

This policy applies to employees, contractors, consultants, temporaries, and other workers at Cogent E Services including all personnel affiliated with third parties.

4. Policy

There shall be a separate hard drives for backup.

Monthly Backups

Every Week backup is over written, in addition to normal backup on weekly basis, incremental backup is taken on a daily basis.

Responsibility

The IT department manager shall delegate a member of the IT department to perform regular backups. The delegated person shall develop a procedure for testing backups and test the ability to restore data from backups on a monthly basis.

Document Title:

Data Backup Policy

Version: 3.2

Department : ISM Function

Testing

The ability to restore data from backups shall be tested at least once per month.

Data Backed Up

Data to be backed up include the following information:

- User data stored on the networked file server hard drive.
- System state data
- The registry

Systems to be backed up include but are not limited to:

- File server
- Mail server
- Production web server
- Production database server
- Domain controllers

Archives

Archives are made at the end of the project on the DVD discs at the completion of project. User account data associated with the file and mail servers are archived on DVD discs immediately after they have left the Cogent E Services

Restoration

Users that need files restored must submit a request to the help desk. Include information about the file creation date, the name of the file, the last time it was changed, and the date and time it was deleted or destroyed.

Enforcement

- Any infractions of this code of ethics will not be tolerated and Cogent E Services will act quickly in correcting the issue if the ethical code is broken.

SECTION 5 – POLICY GOVERNANCE

AUDITING

This policy will be audited at periodic intervals by the Cogent E Services Internal Audit team as per the Information Security Management System audit plan. Audit Findings will constitute one of the significant inputs for Management Reviews of this policy document.

POLICY CLARIFICATION

For general questions or clarification on any of the information contained in this policy, please contact Cogent E Services Chief Information Security Officer. For questions about department-wide Information Security policies and procedures contact the Cogent E Services Information Security Manager.

POLICY VIOLATIONS

Violations of this policy may include, but are not limited to any act that:

- Does not comply with the requirements of this policy;
- Results in loss of Cogent E Services information;
- Exposes Cogent E Services to actual or potential loss through the compromise of quality and or Information security;
- Involves the disclosure of confidential information or the unauthorized use of Cogent E Services information and information processing facilities;
- Involves the use of the hardware, software or information for unauthorized or illicit purposes which may include violation of any law, regulation or reporting requirements of any law enforcement or government body;
- Violates any laws which may be introduced by the Government from time to time in the region in which Cogent E Services is operating or providing services ;

COMPLIANCE

Violation of this policy may result in disciplinary action which may include suspension, termination for employees and temporaries; a termination of employment relations in the case of contractors or consultants; dismissal for interns and volunteers. Additionally, individuals are subject to loss of Cogent E Services Information Resources access privileges, other disciplinary actions including civil and criminal prosecution.

EXCEPTIONS

Deviations from this procedure can be exceptions or breaches. A deviation can either be permitted, or is then referred to as an exception, or not permitted, and is then referred to as a breach. Exceptions shall not be granted, unless exceptional conditions exist.

All requests for exceptions to this policy shall be addressed through the Cogent E Services Chief Information Security Officer

Requests for exceptions to policies must have a justifiable business case documented and must have the necessary approvals. Exceptions must be approved and signed by either:

- Managing Director, Cogent E Services Pvt. Ltd.
- Chief Information Security Officer

Once approved, exceptions to policy will be valid for a pre-decided period after which it must be

Department : ISM Function

re-evaluated and re-approved. All exceptions to policy must be communicated to Corporate Information Security Officer (CISO) or Information Security Manager (ISM) and captured in a Log by the Document controller.

If policy exceptions are likely to circumvent existing internal controls then “Mitigating Controls” or “Compensating Controls” must be implemented and followed. The Cogent E Services ISMS Committee must be involved in all instances where Information Security controls are bypassed.

REVIEW

This policy must be reviewed once a year at a minimum or as the need arises along with all the stakeholders involved in this procedure and be re approved by Cogent E Services Information Security Steering Committee accordingly.

REPORTING

Any person who becomes aware of any Information Security issues, risks and or loss, compromise, or possible compromise of information, or any other incident which has Information Security implications, must immediately inform his/her immediate superior authority as the case may be, who shall initiate immediate action to prevent further compromise or loss.

DISTRIBUTION OF POLICY

The Policy is an internal document and is meant for internal usage within the company. Duplication and distribution of this policy without an authorized release is prohibited. The Cogent E Services ISMS Team will decide on the number of copies that will be in circulation and the persons with whom the document will be available.

Every person in custody of the document has the responsibility for ensuring its usage limited to “within the organization”. The custodian of the document will also ensure and that the document is continually updated with amendments that may be issued from time to time. Any loss or mutilation of the document must be reported promptly to the Cogent E Services Information Security Manager.
